

YORKTOWNE™  
CABINETS

Kitchen & Bath  
Cabinetry Selections and Upgrades

## HIGHLIGHT STANDARD

- 3/4" Solid wood front frames on all cabinets
- Concealed heavy duty self-closing hinges
- Adjustable shelves in wall cabinets
- Self-aligning drawer glides with stay-closed feature
- 5/8" thick solid wood dovetailed drawers
- Baseboard molding for toe kicks
- Wide crown molding (M-36)
- Bump-out sink cabinet (most plans)
- Bump-out and bump-up cabinets
- Refrigerator end panel (most plans)

Base cabinet molding applications add attention to detail to the lower cabinets.

Superior drawer box construction. Solid hardwood sides, dovetail joints and fully captured bottoms with completely self aligning, fully concealed drawer glides.

Glass insets and add an element of old world charm.

Decorative Crown and Rope moldings together create a furniture styled design.

Wall cabinet with appliance garage creates a clever space to house those bulky small appliances.

Innovative organizational solutions that provide instant accessibility.

**Please Note:**

- Because all hardwoods have their own "personality" or special characteristics, variations in color, finish, grain pattern, and texture are to be expected. Yorktowne Cabinetry cannot be responsible for the variations within and between cabinets. These variations are naturally occurring and are considered acceptable, even desirable, because they result from the character and beauty of natural wood and/or hand-crafted finishing techniques.
- Due to chemical differences between printing inks and the pigments used in our manufacturing process, we cannot guarantee exact color reproduction of cabinet finishes in this brochure. Ultimate selection should be made from actual product samples.
- Specifications subject to change without notice or obligation to make changes in products previously produced. Changes may occur due to material availability and/or improvements in product design.
- Optional decorative hardware shown.
- Some cabinets shown may have been modified to meet special application or design needs. Yorktowne will build special cabinets as requested, whenever possible.

## DESIGNER UPGRADE

Features typically found in custom cabinetry. Includes the Highlight standard features plus the following:

- All plywood sides
- 3/4" solid wood dovetailed drawers with smooth close guides
- Wide crown molding (M-36) with Rope molding
- Deluxe end panels on all exposed sides
- Sink base with tilt-out tray
- Pull-out pot and pan drawers (most plans)
- China cabinet (most plans)
- Corner cabinet with glass door (most plans)
- Light shield trim on wall cabinets

All cabinets bear the Kitchen Cabinet Manufacturer's Association certification label, which confirms compliance to the American National Standards Institute's performance guidelines for kitchen cabinetry.
